FOR IMMEDIATE RELEASE

ADITUS™ Medical receives nomination to the final stage for the Biotech Prize 2002 as the only Swedish company

LUND SWEDEN, September 2, 2002 — ADITUS Medical AB today received the acknowledgement from IDG – BioITWorld A/S that the company had been nominated and thereby reached the final stage in the competition for the prestigious Biotech Denmark Biotech Prize 2002. ADITUS was one of three companies and the only Swedish company to reach this point.

The nomination committee was assembled with leading people from companies like Pharmexa A/S, Combio A/S, Cella Vision AB, Teknopol AB, Novozymes A/S, DFL Trifolium A/S, Medicon Valley Academy and others. The winner, the Danish Nuevolution, was later announced at the Bella Exhibition Center in Copenhagen, Denmark.

Founded in 1997, **ADITUS** Medical is a pioneer in the field of Intelligent Electroporation and a provider of flexible, easy-to-use and powerful Electroporation devices for research and laboratory use in vivo & in vitro. Based on its patented technology for Impedance Controlled Electroporation, ADITUS develops unique devices using the impedance measurement as a feedback for optimum setup and control of the Electroporation process.
