Press Release

FOR IMMEDIATE RELEASE

ADITUS Medical Announces Agreement With Two New Investors

LUND SWEDEN, December 31, 2001 — **ADITUS Medical AB** today announced an agreement with two venture capital firms. Malmöhus Invest AB and Øresund Healthcare Capital KS, to provide funding to the company. MIAB and ØHC will initially acquire 20% of ADITUS Medical with one additional investment planned for next year. The capital will cover the expenses to complete and launch the next generation of exciting new products from ADITUS. The launch is planned to take place during the 3rd Quarter next year.

“We are very pleased to have reached an agreement with these well established venture capital firms. It will give the company long-term stability and ensure a proper launch of some new, exciting products later next year”, says Bernt Böhmer, one of the founders of ADITUS Medical.

Founded in 1997, **ADITUS Medical** is a pioneer in the field of Intelligent Electroporation and a provider of flexible, easy-to-use and powerful Electroporation devices for research and laboratory use in vivo & in vitro. Based on its patented technology for Impedance Controlled Electroporation, ADITUS develops unique devices using the impedance measurement as a feedback for optimum setup and control of the Electroporation process. For more information, please visit the ADITUS Medical website at <http://www.aditusmedical.com>.

Founded in 1979, Malmöhus Invest is the second oldest venture capital company in Sweden. MIAB will, as minority owner, take active part in small- to midsize companies with a future potential. For more information, please visit the MIAB website at <http://www.mhusinvest.se>.

Øresund Healthcare Capital is a Danish/Swedish venture capital company providing capital and management to companies in the healthcare sector, primarily in the Øresund Region. For more information, please visit the ØHC website at <http://www.oresund-healthcare.com>.
